Dear Parents & Students,

Mission Prayer

*God of love, you want life to the full for each and every one of us.
With Your Spirit living in us You want to transform this world to make
it Good News for all.*

*Help us open our hearts and minds so as to be Christ in the world;
to go out to those who survive on the margins of life.*

Help us bring in the marginalised and share Your abundance with them.

Help us to accept, appreciate and love differences

and make this world a Good News planet of life for all.

We ask you this through Christ your Son. Amen.

Reflection

As our school embarks on the annual Walkathon, it is useful to remind ourselves why we are doing so. Our fundraising effort supports the work of Children's Mission to reach out to millions of children affected by injustice and poverty around the world. Many children die prematurely and do not receive what we, as Australians, consider basic human rights. In its work Children's Mission is highlighting the teachings of the Church that relate to the dignity of all human beings.

RELIGIOUS EDUCATION

Year 12 Twilight Retreat and Mass

As an important part of the activities which mark the completion of secondary school education for Year 12 students, a Twilight Retreat and Farewell Mass will be held in Week 9. The Retreat will be on Tuesday 10 September from 5.30pm to 8.30pm in the PAC. We look forward to all students attending. The following evening, the Farewell Mass will be celebrated at St Nicholas' Church in Fitzroy St, Tamworth at 6.00pm. Parents and family members are encouraged to attend. It is fitting to mark the end of a Catholic school education with these events.

REC Conference

We recently attended the annual REC's Conference in Moree. It was a busy three days with many interesting speakers and information sessions. One whole day was devoted to the work of Catholic Mission with the National President, Martin Teulan presenting. As a result of his recent trip to Rome and audience with Pope Francis, he believes that the work done by Catholic Mission, in reaching out to others, is very much in keeping with the priorities of the new Pope. It was valuable to have a focus on Catholic Mission with our annual school Walkathon being held this week. The efforts of the McCarthy community in raising funds through this event are greatly appreciated.

Memorial Service

Members of the St Agnes Conference of St Vincent de Paul attended the Memorial Service, at Nazareth House, for Sister Ursula who passed away recently. She was the final Dominican Sister to reside in Tamworth.

Vaccinations

- In 2012, the Australian Government announced that human papillomavirus (HPV) vaccine would be provided free to male students in secondary schools from 2013.
- From 2013, males in Year 7 in all NSW secondary schools will be offered HPV vaccine annually.
- In addition, males in Year 9 will be offered the vaccine as part of the national 'catch up' program in 2013 and 2014.
- Males who are 14-15 years of age in 2013 and who are in Year 10 can receive free HPV vaccine at their GP during 2013 only. It is important when making the GP appointment that the receptionist is informed of the reason for the visit and that sufficient time is allowed for the vaccine to be ordered and delivered to the GP.
- HPV vaccination will continue to be offered annually to female students in Year 7 only.
- The Australian Government has developed information for parents, students and health professionals about HPV vaccination.

Year 10 Excursion

Recently eighty-four Year 10 students and eight staff members travelled to Sydney for three days of stimulating educational experiences. Venues visited included the Powerhouse Museum, Sydney Aquarium, Madam Tussauds, Hyde Park Barracks, the Justice and Police Museum, Cockatoo Island and the historic Rocks area and presentations were aimed to support research in relevant subjects during Stage 6. Other highlights of the trip included early Mass at St Mary's

Cathedral, mad playtime at Darling Harbour, shopping and an incredible performance by Blue Man Group at Star Casino’s Lyric Theatre. A great time was had by all.

Thank you to Mrs Fiona O’Neill for her organisation and to the staff who attended for their time and efforts.

Theme For The Week

Week 7 provided an opportunity to reflect and to be thankful for what we have – to express our “Gratitude” to God and to the people who give to us each day.

This week we looked at “What I Can Do” to make a difference in a world where most children live in poverty.

“Be happy with what you have and you will have plenty to be happy about.” – Irish Proverb

CAREERS NEWS

Year 12

For Year 12 students there are a series of crucial dates and deadlines that began last week with some Early Entry Schemes application deadlines already closed. This is the time of many Open Days at universities and colleges and travelling to these can be very valuable in determining future plans.

The best advice I can give Year 12 students is to be aware of dates and deadlines, read and follow instructions for each application carefully and be up to date with information by checking emails regularly. Additionally, Year 12 should also have several back-up plans in place, in case their desired course of action does not become a reality.

MATHEMATICS

Years 7 to 10 are currently doing open book Mathematics assessment tasks in class. Students would find summarising their class notes helpful for this task. Year 11 students will complete their final Preliminary Year assessment shortly. A good revision tool would be to work through last year’s final assessment and have their Mathematics teacher correct it so they can receive feedback on their mathematical processes. Year 12 students should be working through past Higher School Certificate papers and working on any areas of weakness.
