## Dear Parents & Students,

### Prayer

*"And about this thing I made request to the Lord three times that it might be taken away from me.*

*And he said to me, my grace is enough for you, for my power is made complete in what is feeble.*

*Most gladly, then, will I take pride in my feeble body, so that the power of Christ may be on me.*

*So I take pleasure in being feeble, in unkind words, in needs, in cruel attacks, in troubles, on account of Christ: for when I am feeble, then am I strong."*

(2 Cor 12:8-10)

### Reflection

When St Paul writes to the Corinthian church, he declares that *"...when I am weak, then I am strong"*. Here is an important truth. All of us have things that we struggle with and things that at times seem to overwhelm us.

These are the areas of our lives where we can invite the living God to inhabit us with His strength and power. A well-known reflection on the life cycle of the butterfly presents a similar commentary on the trust that we place in God's strength.

### The Butterfly

A man found a cocoon of a butterfly. One day a small opening appeared, he sat and watched the butterfly for several hours as it struggled to force its body through that little hole. Then it seemed to stop making any progress. It appeared as if it had gotten as far as it could and it could go no further. So the man decided to help the butterfly, he took a pair of scissors and snipped off the remaining bit of the cocoon. The butterfly then emerged easily. But it had a swollen body and small, shrivelled wings.

The man continued to watch the butterfly because he expected that, at any moment, the wings would enlarge and expand to be able to support the body, which would contract in time. Neither happened! In fact, the butterfly spent the rest of its life crawling around with a swollen body and shrivelled wings. It never was able to fly. What the man in his kindness and haste did not understand was that the restricting cocoon and the struggle required for the butterfly to get through the tiny opening were God's way of forcing fluid from the body of the butterfly into its wings so that it would be ready for flight once it achieved its freedom from the cocoon.

Sometimes struggles are exactly what we need in our life. If God allowed us to go through our life without any obstacles, it would cripple us. We would not be as strong as what we could have been. We could never fly.

## PRINCIPAL MATTERS

The Twilight Swimming Carnival held last week presented a prime example of the wonderful community spirit that lives and breathes at McCarthy. While elite swimmers were given the opportunity to shine in front of their peers, other students received the intrinsic reward of contributing to their House team by participation. I commend the effort of the Student House Leaders and Mr Matt Feltrin for their untiring and enthusiastic efforts to coordinate and deliver a wonderful community experience for all that attended. Congratulations to Chisholm House in securing a strong win based on dedicated participation and great House spirit!

At the Assembly on February 25, I had encouraged the students to strive for personal excellence and 'playing big' rather than 'playing small'. The context of my exhortation relates to a passage from 'A Return To Love' (1992) by Marianne Williamson –

*"Our deepest fear is not that we are inadequate.*

*Our deepest fear is that we are powerful beyond measure.*

*It is our light, not our darkness that most frightens us.*

*We ask ourselves, Who am I to be brilliant, gorgeous, talented, fabulous?*

*Actually, who are you not to be?*

*You are a child of God.*

*Your playing small does not serve the world.*

*There is nothing enlightened about shrinking so that other people won't feel insecure around you.*

*We are all meant to shine, as children do.*

*We were born to make manifest the glory of God that is within us.*

*It's not just in some of us; it's in everyone.*

*And as we let our own light shine, we unconsciously give other people permission to do the same.*

*As we are liberated from our own fear, our presence automatically liberates others."*

Certainly those students who attended the swimming carnival made that effort to 'shine' and play big. Well done!

In a similar manner and more importantly, I encouraged the students to take that effort into the classroom. As most teenagers seem to focus on their self-image and what their effort in class may look like to others, the courage to let their light shine is a challenging, but exceptionally rewarding thing to do. As our most recent PAT testing would attest, the effort that some students are putting into their academic work is reaping measurable improvement. So, the irresolvable will to 'play big' and strive to achieve in the classroom is truly the main game at McCarthy when that type of attitude is adopted. I encourage students to keep working hard with their teachers to improve!

### **Board and McCarthy Association Annual General Meetings – March 17.**

The Annual General Meeting for the Board (5.30pm) and Parents Association (7.00pm) will be held on Tuesday March 17. I strongly encourage current members to stand for office bearer positions as they become available this month. The enormous commitment that the current executive have dedicated to their roles is to be commended. As a community, McCarthy Catholic College is indebted to the wisdom and hard work of current members. Please feel welcome to attend the McCarthy Association Meeting at 7.30pm in the staffroom. If you are interested in nominating for Board membership please contact the College to access contact details for the Board Chair – Mr Adam Green.

### **Round 1 Enrolments**

A reminder that Round 1 enrolments for Year 7, 2016 close on Wednesday 1 April.

### **Catholic Schools Week 8 – 14 March**

The theme for Catholic Schools Week 2015 is "Educating for Today and Tomorrow". The theme ties in with the 50<sup>th</sup> anniversary of the Declaration on Christian Education, *Gravissimum Educationis*." The document recognised the continuing need for the Church to support parents in the education of their children.

Catholic Schools Week is about strengthening relationships between all those who have a stake in our schools – students, staff, families, priests, parishioners and members of the wider community – by showcasing what happens in our classrooms every day.

May your God go with you.

*Mr Geoff McManus – Principal*

## **RELIGIOUS EDUCATION**

### **Liturgy**

McCarthy marked the beginning of the Lenten season by attending Ash Wednesday Mass in the four parish churches in Tamworth. Staff and students assisted with readings, altar serving and the distribution of ashes as a reminder of our immortality and need to believe the good news of the Gospel. I would like to take this opportunity to thank the priests for their ongoing support.

### **Lenten Group**

Our Lenten group on Wednesday evenings from 7.00pm – 8.30pm continues to grow each week. Our reflection and discussion on the Sunday readings have been both prayerful and enriching. With four weeks of Lent remaining, I invite and welcome any parents who would like to come along and take up this opportunity for prayer and reflection as part of their Lenten observance.

### **Caritas**

The official launch of Caritas took place at our assembly on 25 February. Mr Brian Sullivan introduced his guest, Mr Aemon Sharkey, a young man from Ireland, who has dedicated his life to working for Caritas. Aemon spoke to the students about making a difference in the world. At present our fundraising efforts, which include Shrove Tuesday Pancake sale, the BBQ at the swimming carnival and donations during Mentor Group, have reached \$1000.00.

### **Vinnies**

On Wednesday 25 February, the St Agnes Conference held their first social gathering for the year, a film and pizza night. The evening was designed to help the St Agnes Conference members get to know one another better and to welcome new members to the group. The executive organised some get-to-know you activities at the beginning of the evening before settling in to enjoy a film together. The evening was attended by twenty-five students from Year 7, Year 10, Year 11 and Year 12.

*Mrs Cate Allen – Religious Education Coordinator*

## **ASSISTANT PRINCIPAL**

Last week we held our 2015 Swimming Carnival and it was a very successful community building event. Congratulations to all students who contributed to the accumulation of House points through attendance and participation. Congratulations particularly to the winning house, Chisholm. Earlier in the term Chisholm House were awarded a bonus 50 points for their singing of the National Anthem. In the assembly prior to the carnival, MacKillop's team spirit saw them add 50 points to their total, following their team chant. Well done to MacKillop leaders and patrons.

We have now completed PAT testing in Years 7-11. The initial data suggests that school results continue to improve, a tremendous boost to our academic drive. Student results from the tests will be used to determine future initiatives and interventions, as well as being foundational to planning. Additionally Mrs Briony Martin and myself recently attended a workshop run by Dr John DeCourcy. Each year the DeCourcy report analyses the HSC data for 125 Catholic schools across the state. The report helps to frame important questions that support improved pedagogy.

*Mrs Sally Sparke – Assistant Principal*

The presentation is non-technical and covers the ways children use the internet and emerging technologies, potential risks for children online such as cyberbullying, identity theft, inappropriate contact and tips to help children stay safe online. Parents are invited to attend the presentation at 5.30pm in the PAC. Please RSVP to school by Monday 9 March.

### **Theme for the Week**

Our theme in Week 4, “How Have I Started”, asked students to assess their progress so far. Do they have all necessary equipment, is it labelled and accessible? At home, how are they managing their time and work space? In and out of class, what are they doing to improve their learning? Are they using the additional resources on offer, eg Study Club, Maths help, Mathspace?

In Week 5, our theme “Care” encouraged all to do as Jesus did and care for others. Kindness given encourages kindness in others.

“No one who desires to become good will become good without doing good things” - Aristotle

## TEACHING AND LEARNING

Last newsletter, I discussed what you could do as a parent in regards to your child’s homework space. By now, I trust your family has worked out where the best place to complete homework for each of your children.

Another key to homework success is to ensure there are healthy snacks available. Lunchtime finishes at twenty past one at McCarthy and dinner is still a long way off by the time most students arrive home. Replenishing with low sugar and low fat food will help with your child cope with their work at home. Now, not many of us have time to create Grape Caterpillar Kebabs however, we can manage this:

Ideally homework snack foods should be ‘easy’ because you don’t want the kitchen in a mess before dinner. ‘Healthy’ so that your child is not hyped with processed sugar, unable to concentrate as well as overloaded with unnecessary kilojoules. The snack should also be ‘dinner friendly’. Although pre-packaged snack foods are convenient, they are higher in cost as well as being more processed, which is less beneficial for growing bodies. Naturally water is the ideal drink rather than soft drink and fruit juice. There are plenty of suggestions available on the internet if you are struggling with ideas.

## CAREERS NEWS

### Regional Universities Roadshow

McCarthy hosted the Regional Universities Roadshow on Wednesday 18 February. Year 12 students from McCarthy, as well as students from other local schools, attended presentations by University of New England, Charles Sturt University and Southern Cross University on what is involved in going to university, the benefits of university study and basic things to consider such as cost, accommodation, scholarships, exchange programs and much more.

### Year 11 University Discovery Excursion

At the beginning of Term 1, seventeen Year 11 students travelled to the University of Wollongong to attend their Discovery Day along with over 1500 other senior students. This was followed by guided tours of four Sydney universities: Macquarie, UNSW, UTS and the University of Sydney. Students had the chance to hear about aspects of university life, see what these universities offer in terms of courses and accommodation and also to spend two nights at different colleges which offer accommodation for university students. As well as the tour guides, we were also able to catch up with various ex-students of McCarthy at

these places. These students were wonderful ambassadors of our school and all gained insights, information and some have now changed the directions and goals they will be pursuing after the HSC. Thank you to Mr Hobbs for accompanying us and being our chauffeur.

### Lunchtime Presentations

Guest speakers from the Defence Force will be visiting the school in early March to speak to interested students. There will be talks on Early Entry Schemes and HSC Bonus Points coming up for senior students. Students will be given more details about these soon.

### Work Experience

Several students have already applied to do work experience this year. We have had one student, Emily Torode in Year 11, already complete a week working with Australian mammals at Taronga Zoo in Sydney. We have another student going to Western Plains Zoo and one doing work experience with the Australian Navy at Nowra later this term as well as one doing work experience in the April holidays with a local electrician. For more details about the school's Work Experience Policy and the procedures involved, please go to the Work Experience section on the school's Careers website:

**ENGLISH**

McCarthy Catholic College hosted the 2015 Year 12 English Study Day on Friday 20 February. Barbara Stanners, a renowned HSC text author and teacher, presented a workshop on the Discovery Area of Study. As this concept has not been examined prior to this year, the study day doubled as professional development for teachers as well. Both St Mary’s and O’Connor High Schools joined with the McCarthy students and teachers for the first time, making the presentation a Diocesan wide event. The study day gave students the opportunity to listen to a lecture style presentation as well as the opportunity to practise their writing skills in a number of student centred activities scattered throughout the day. The cost of the study day also included a student workbook, giving students vital information to assist them to achieve success in Paper 1 of the English HSC Examination.
